Dear Sir/Madam

I am a second degree international relations graduate from the University of Lodz, Poland. As part of my research, I would like to investigate how Hungarian cities cooperate with their counterparts from Armenia, Georgia and Azerbaijan.

In accordance with the 2011. évi CXII. törvény 26. § (1) az információk önrendelkezési jogról és az információszabadságról , please provide answers for the following questions:

1. Does your city have partner/sister/twin/friend cities from Armenia, Georgia and Azerbaijan? If so, which ones?
2. In which year did the cooperation between cities from Armenia, Georgia and Azerbaijan occur?
3. Is cooperation on the basis of signed agreements (for each individual case)?
4. What areas does cooperation with individual cities from Armenia, Georgia and Azerbaijan cover:
culture, sports, education, economy, tourism, health care, environmental protection, urban planning,
other (what)?
5. Have there been any joint activities with cities from Armenia, Georgia and Azerbaijan in the past 5 years? If so, what (in each individual case)?
6. Have cities from Georgia, Armenia, Azerbaijan taken up the issue of disputed territories, i.e. Nagorno-Karabakh, Abkhazia and South Ossetia? If so, in what way?
- 7) Did cities from Georgia on the occasion of receiving the status of candidate country to the European Union undertake dialogue/activities related to the process of accession to the European Union?
8. Did cities from Armenia, on the arrival of a sudden number of refugees from Nagorno-Karabakh after September 2023, undertake dialogue related to the need for humanitarian assistance?

Please address each question separately and send your answers to the above questions to e-mail:
